APPLICATION FILE From APRIL 7 to 9, 2028

PRESENTATION OF THE FESTIVAL

Organized by the ACCORDS D'AIRS Association, the MOUV' TON CHŒUR Festival takes place in Aix-les-Bains, Savoie (Rhône-Alpes-Auvergne region, France) in early April.

Its main objective is to bring together groups from all backgrounds for three days, offering the public a fresh perspective on choral singing. One of the highlights is the group meet-and-greet on Sunday morning. The originality of this event lies in its repertoire selection.

The vocal groups, choirs, and ensembles, all amateur, showcase:

- Contemporary Pop/Rock music with dynamic performances (staging, choreography)
- Vocal jazz
- Gospel music

The performances take place in the evening (Friday and Saturday) and possibly in the afternoon on Sunday, in the beautiful performance hall of the Casino Theatre in Aix-les-Bains.

Each performance will feature two to three groups, lasting approximately 45 to 50 minutes. Outdoor activities in the center of Aix-les-Bains will take place on Friday, Saturday, and Sunday morning, weather permitting.

A final song will be performed by all participants at the end of the large outdoor gathering on Sunday morning. The details will be announced one to two months before the festival.

PERFORMANCE ORGANIZATION

The evening concerts (Friday and Saturday) take place at the Casino Theatre in Aix-les-Bains.

The festival is responsible for all organization, logistics, and communication.

Groups not performing attend the performances of the other vocal ensembles.

Outdoor activities bringing together all participating groups are organized each day (afternoon or morning), weather permitting.

PARTICIPATION DETAILS

The participation period is 3 days (2 nights). From Friday to Sunday inclusive, with arrival in the afternoon (no later than 4:00 PM) on Friday.

The festival ends on Sunday after the lunch buffet. It is possible to extend the stay through our travel provider (Destinations Chœurs).

For any other questions, please do not hesitate to contact us.
